

Westone®

W80

8 Drivers / Bluetooth®

W SERIES

OVERVIEW:

The eight driver W80 makes no compromises delivering reference level audio by integrating full size dual bass drivers with dual mid and quad high drivers. The result is an exceptional delivery of extended range and harmonic content that has never been heard in a multi-driver earphone – until the arrival of the W80.

TRUE-FIT® TECHNOLOGY

60 years of experience designing products for the ear, has resulted in a universal-fit earpiece that is compact, low-profile, lightweight, and extremely comfortable. Our proprietary eartips enhance the performance of the W80 by ensuring a great fit and seal, right out of the box.

BALANCED-ARMATURE DRIVERS

Westone's proprietary balanced-armature drivers provide enhanced sonic detail and frequency range that extends well beyond other in-ear solutions.

BLUETOOTH CABLE V2

Powered by Qualcomm® aptX™ HD audio, Westone's Bluetooth V2 cable is designed for music lovers, and tuned to deliver high resolution audio for a truly amazing wireless listening experience. Featuring our exclusive MMCX Audio™ connectors with formed earhooks, Westone's Bluetooth Cable V2 is compatible with all Westone in-ear monitors and earphones. Enjoy listening to music and taking calls even longer with our new portable charging dock that extends battery life up to twelve hours between charges.

ALO AUDIO REFERENCE 8 CABLE

Eight braided silver-plated copper and OCC copper wires deliver intense musical resolution and fine inner detail.
